

## **GENERAL INFORMATION AND MONTHLY RECURRING EVENTS AND ACTIVITIES**

### **FRONT GATE**

The gate at the club's entrance requires an authorized access code to enter the property. This helps ensure that use of our facility is reserved for members and guests. You may find the gate open from time to time. This happens when ranges are open to the public the first full weekend of each month and during Match Events.

### **RANGES**

Club Policy dictates that no person may shoot on a range unless it is staffed by a qualified NRA (RO) Range Officer for liability and safety reasons. RO's are club volunteers who give their time and attention to seeing that our ranges are managed in a safe manner. Check the club calendar for dates and times for individual events. Clicking on an event will generally bring up a window with additional information including hours, description of the event and a contact. (The Archery Range is exempt)

### **SHOOTING FEES**

As a member, you are required to pay a daily shooting fee of \$2 for use of either the Rifle or Pistol range each day you visit. Guests pay \$10. This money is collected by the Range Officer on duty and is used to cover operating expenses for such items as paper, staples and targets. Some shooting events have additional fees based and are generally paid-out as prize money. For example, the Monthly Defensive Pistol shoot charges a \$10 fee per person to cover Event costs.

Shooting fees for Trap or 5 Stand are only \$1 plus and a \$4 fee to cover one round of 25 clay targets shot. Discount punch cards are available for \$40 for eleven (11) rounds.

Archery fees are \$2 per use per person and is set-up on an Honor System. Sign-in envelopes are at the range for you to fill out, include your fee and a box for you to deposit it in. The range is periodically checked by the Caretaker or a Range Officer, so please make sure you pay your fee.

### **WI-FI**

The club provides free Wi-Fi in and around the clubhouse. We are not responsible for any damage to your computer or other electronic devices while logged onto the Internet. It is up to you to have current virus protection. **You are using this connection at your own risk.** To log on, use the clubs 10 digit phone number. (5416735616)

### **WEBSITE**

We encourage you to use the club website ( [www.rngclub.org](http://www.rngclub.org) ) for the latest up-to-date information and Events happening each month. The calendar contains up-coming and future information on Events, Ranges and Pavilion usage. Our monthly newsletter includes results of shooting matches, upcoming events and articles on subject matter related to the club. Clicking on an Event within the Calendar generally brings up a window indicating opening and closing hours of that event, a detailed description of the event and a contact person should you need additional information.
