April 4, 2025 - BM 114 Current Status

Oregon Attorney General (AG) motion to reinstate *BM114* while appeals are in process has been **DENIED**.

State Case - Harney County: In February the State AG filed a motion for a stay in *BM114* and a request for expedited appeal. The State Appeals Court has denied the request for a stay while the appeals are in process. The State Appeals Court has granted an expedited appeal. The State has 49 days to submit opening briefs, Our Respondent's answering briefs are then due in 49 days. Finally, the state's reply brief is due within 21 days. This puts the court process in the neighborhood of 119 days; then we will wait for a ruling.

February 12, 2024 : Oregon AG files motion to reinstate *BM114* while appeals are in process.

State Case - Harney County: While they wait for the appeal process to start at the state appellate court the Oregon AG has filed to have *BM114* put into effect even though it was ruled unconstitutional.

State Case - Harney County: They are still waiting for the Appeal process to start after the case was closed Jan. 2, 2024. Judge Raschio made it clear that *BM114* violates the Oregon Constitution. For now, *BM114* is permanently enjoined. The Oregon State AG indicated they will appeal to the Oregon Appellate Court. Then it most certainly will be heard by the Oregon Supreme Court. If the Oregon AG manages to overturn the ruling, *BM 114* would go into effect immediately.

Federal Case - Next Steps: Appeals are in process. However, the Oregon AG has asked the 9th circuit to hold on the appeal until other cases from California, that deal with only parts of *BM114*, are closed. This request was granted and do not expect any movement in the federal case until at least April (notice they did not say which year.....). This will be a long slow process. However, if the Oregon AG overturns the Harney ruling above, we expect to file immediately for a stay in federal court as the implementation infrastructure clearly is not in place to support Oregon citizens.

Federal Case - The federal case is actually 4 cases that have been consolidated to one. NSSF is one of the four cases / plaintiffs. NSSF asked O SSA to join their case. NSSF retains **Clement & Murphy, PLLC** as the lead attorneys on the consolidated case. Clement & Murphy are the best there is in the US on this topic. Funding for the consolidated case actions are managed by NSSF and expenses are shared between NSSF and NRA. Each of the plaintiffs groups has their local attorney and is supported by their own funding. Locally O SSA is supported by Juris Law, LLP.

MAY RIMFIRE MATCH

Wes Jackson at (541) 784-5041

There were five shooters at the May Rim Fire match. Conditions were good and three shooters got a perfect 250 at 50 yds.
