Umpqua river, north: steelhead

Fishing for all Chinook on the North closed July 1. Summer steelhead numbers are around the 10 year average, but several hatchery fish have returned this year.

Umpqua river, south: bass, trout

Bass fishing has been great with lots of anglers finding fish throughout. Trout fishing is limited but should be good in areas where there are pockets of cooler water.

in Memory of Hans Bohm - We mourn the passing of Hans Bohm who passed on August 11, 2024. Hans was more than just a friend, he was a beacon of kindness, wisdom, and warmth. His presence brought light into every room, and his laughter was a melody that could lift even the heaviest of hearts. Hans lived a full life full of integrity, and compassion. His generous spirit was evident in the way he treated everyone with respect and understanding, always ready to lend a helping hand or offer a listening ear. He was a person who made the world a better place simply by being in it. He was a man of quiet strength, gentle humility, and deep wisdom. Though Hans may no longer be with us, his spirit lives on. Rest in peace, Hans Bohm. You will be deeply missed, but never forgotten. *There will be no services as was his request.*
